

MADISON ESPRESSO

PROCABINETS

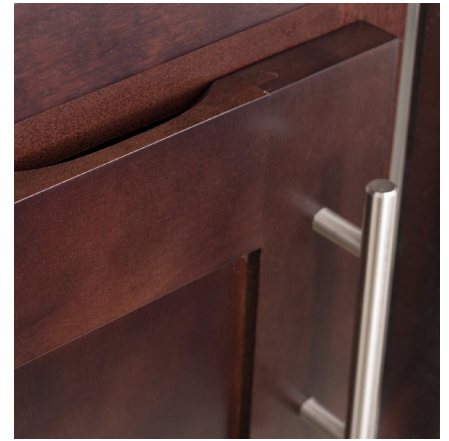

Madison Espresso

Designed for the multifamily industry, Madison Espresso features stained, solid wood cabinetry built to last the toughest of tenants. Featuring standard overlay doors & drawers built from solid wood to meet funding specifications.

Madison Espresso

Our cabinets are assembled at one of our three warehouses across the United States. The construction is easy for crews to install. Standard overlay ensures HUD's replacement space requirements are met. The stained finishes are durable & resistant to heavy traffic. This line features slab top drawers with a Shaker style all other drawers & door. Finger grooves are included on all doors & drawers to alleviate the need for knobs or pulls.

Build & Construction

Our cabinets are built at one of our three warehouse across the United States. Our builders undergo rigorous training to ensure each cabinet is built with care. A scanning system is utilized by our entire warehouse team to monitor your order from start to finish. Our QC team combs through each order for accuracy & quality.

Certifications

A161.1 Quality Certification - Cabinets undergo extensive testing to achieve this certification. The structural integrity & strength of the cabinets are tested in a lab by a 3rd party team.

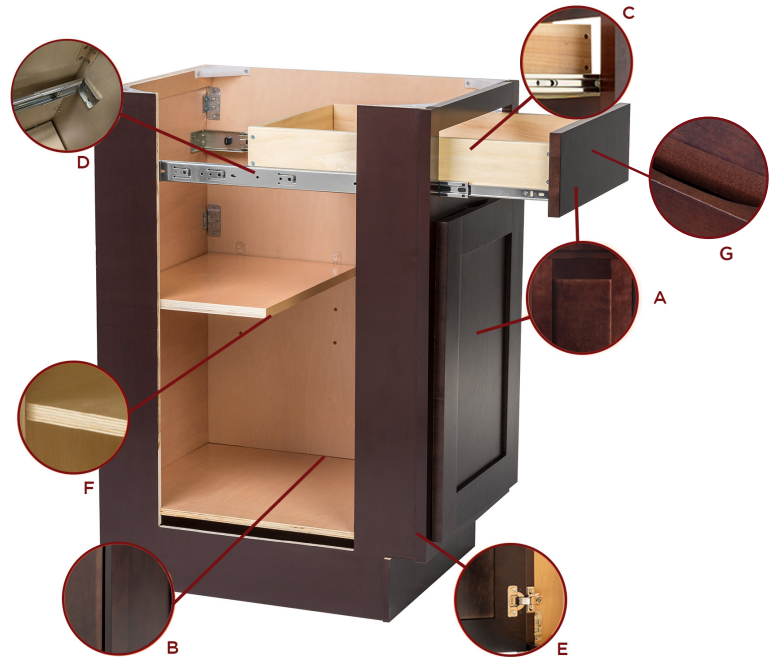

Environmental Certification - The Environmental Stewardship Program was developed to encourage practices that benefit both the environment & communities served. MFS Supply re-applies annually for each of these certifications.

ADA Cabinet

Each of our cabinet lines features a wide range of fully stocked cabinets that meet ANSI specifications for use in units designated as adaptable or ADA. We offer a full selection of **32.5" height base cabinets**, two designs of a **removable front vanity** to accommodate a variety of bathroom layouts, and a **floating vanity** with plumbing shields.

The Specs

- A. Shaker style doors with solid wood rails & stiles. Solid wood drawers – slab style top drawers, Shaker style all other drawers
- B. Solid wood face frame 1 1/2" x 3/4" rails & stiles
- C. 5/8" pre-finished solid wood drawer boxes
- D. Side-mount, full extension, soft-close drawer glides, stainless steel
